Horizontal Channel

Horizontal channel finish laminate sheets are a distinctive and stylish option that mimics the appearance of grooved or fluted patterns, creating a linear, textured effect. These laminates are designed to add depth and dimension to surfaces, offering a modern and elegant aesthetic. Ideal for creating accent walls, furniture panels, or cabinetry, horizontal channel laminates enhance the visual appeal of interiors by providing a unique tactile and visual experience. They are durable, easy to clean, and resistant to wear and tear, making them suitable for both residential and commercial applications. Available in various colors and woodgrain patterns, they bring a contemporary, structured look to any space while maintaining practicality and sophistication.

Creating iconic

Carrara Stone

Carrara stone finish laminate sheets are designed to replicate the timeless elegance of Carrara marble, offering a luxurious and sophisticated look for interiors. With their realistic stone-like texture and subtle veining patterns, these laminates provide the beauty of natural marble without the high cost or maintenance. They are durable, scratch-resistant, and easy to clean, making them an excellent choice for high-traffic areas like kitchens, bathrooms, and commercial spaces. Ideal for countertops, wall panels, furniture, and cabinetry, Carrara stone finish laminates add a touch of opulence to any setting while being a practical and lightweight alternative to natural stone.

Warranty

Phulkari Laminates ensures that all our products are quality checked and free from manufacturing defects. Products inspection prior to installation is recommended for your satisfaction. In case of any non-compliance issue, the company would be liable for the cost of the product only.

Note

Samples pasted represent only Color / Pattern / Finish and not actual thickness. Please specify color or design number along with finish.

Maintenance

Wipe clean with ordinary soap or household ammoniated liquid detergent. For stubborn stains use diluted organic solvent or stain remover. Abrasive cleaners and wire brushes are not recommended. Metallic & Pearl laminates are fragile and sensitive, hence the company will not entertain any claim on these laminates.

Precautions

- Before cutting the laminate for pasting, please ensure that all the sheets are of same design and finish as per order.
- To avoid cracks and/or bubble, be extremely careful while pasting the laminate sheet.
- Put proper & uniform pressure while pasting the laminates.
- Direct sunlight exposure may cause color fade.
- Do not use any chemical substances on the laminate sheet while cleaning the laminates.
- Cover the furniture when doing painting or coloring in the house.
- Store the laminate sheet roll in an open position.
- Cut the laminate sheet while keeping it flat.
- Use TAPE | | (MASKING TAPE) at multiple places for better adherence.

By taking the above precautions, many problems can be avoided, before and after pasting of laminate
