TECHNICAL DETAILS

PRODUCT WARRANTY

Company provides warranty that the product is free from any manufacturing defects and is suitable to use for normal and usual purpose. In case of any visual defects, the product should not be used, cut, or altered in any manner. Company liability will be limited to the extent the cost of product only. The colour/shade may vary from lot to lot. Do inspect properly before using the product. Company will not entertain any claim if the product is cut or altered in any manner for any visual or appearance, shade change / difference.

PRODUCT TECHNICAL DATA & SPECIFICATIONS

Type	: Conventional Laminates. (Other Grades Available on request)
Thickness	: 0.8 mm ± 10% (As per ISI Standard)
Size	: 7' X 3.25' - 2135mm X 990mm / 8' X 4' - 2440mm X 1220mm

PRODUCT CARE AND MAINTENANCE

For cleaning the surface of the laminates, use dry cloth to wipe the stains. If needed can use ordinary liquid detergent (non-acidic) or ammoniated liquid. After taking a trial on small portion. Stain remover or Industrial organic solvents can be used to remove stubborn stains in case if there is no problem. One should not use, wire or hard-plastic brushes, and abrasives to clean the surface.

The HIGHGLOSSUV Fancies and Wood collection are specially made laminates to give bright optical view. The properties of these laminates are very sensitivity and thus should be used only for vertical applications. While cleaning these laminates use only dry cloth or wet damp cloth in natural water only.

Since, conventional laminates are made for interior decorations, should not be used for external use where there are chances for direct exposure to sunlight or any other sort of direct heat.

It is always recommended to keep the substrate horizontal while pasting the laminates. Immediate removal of pressure and vertical application should not be practiced.

Samples pasted in the folder represents the finish & design and not the actual thickness.
